Sir:

INFORMATION DISCLOSURE STATEMENT UNDER 37 C.F.R. § 1.97(c)

Pursuant to 37 C.F.R. §§ 1.56 and 1.97(c), Applicant brings to the attention of the Examiner the documents listed on the attached SB08A and SB08B forms. This Information Disclosure Statement is being filed after the events recited in 37 C.F.R. § 1.97(b) but, to the undersigned's knowledge, before the mailing date of any of a final action under § 1.113, a notice of allowance under § 1.311, or an action that otherwise closes prosecution in the application. Under the provisions of 37 C.F.R. § 1.97(c), this Information Disclosure Statement is accompanied by a fee of \$180.00 as specified in Section 1.17(p).

Applicant directs the Examiner's attention to the following co-owned and co-pending patent applications and one issued US patent that may contain subject matter

related to the subject matter in the above-referenced application: 10/691,377, published as US 2005/0083341 A1; 10/691,396, published as US 2005/0083352 A1; 10/821,306, published as US 2005/0225562; and US 6,980,219. The accompanying IDS cites the published patent applications of these applications and any references related to the prosecution thereof, if not previously cited in a prior-filed IDS. Applicant has also cited, on the attached SB/08B form, substantive Office Actions and Responses in applications in which prosecution has begun, and has submitted copies thereof.

Applicant respectfully requests that the Examiner consider the listed documents and indicate that they were considered by making the appropriate notations on the SB08A and 08B forms.

This submission does not represent that a search has been made or that no better art exists and does not constitute an admission that the listed documents are material or constitute "prior art." If the Examiner applies any documents as prior art against any claims in the application and Applicant determines that the cited documents do not constitute "prior art" under United States law, Applicant reserves the right to present to the office the relevant facts and law regarding the appropriate status of such documents.

Applicant further reserves the right to take appropriate action to establish the patentability of the disclosed invention over the listed documents, should one or more of the documents be applied against the claims of the present application.

Respectfully submitted,
